

國內教授伊林 (Lin I) 簡介

EDUCATION

- 1981 Ph.D. Physics Department, Rutgers University
1973 B.S. Physics Department, National Central University

PROFESSIONAL POSITIONS

- 1988 - present Professor, Physics Department, National Central University
1983 - 1988 Associate Professor, Physics Department, National Central University
1981 - 1983 Project Scientist, R&D Department, Materials Research, Corporation, New York, U.S.A.

RESEARCH INTERESTS

Plasma and fluid physics, statistical mechanics, nonlinear dynamics and complex systems, technologies for the growth, manipulation and characterization of thin films and ultra-fine particles, strongly coupled Coulomb systems, physics of soft-matter and bio-systems, etc.

AWARDS AND HONORS

- 2003-2004 National Chair Professor, Ministry of Education, R.O.C.
2002 ISI Classic Citation Index Award
1998-2003 Special appointed Research fellow, National Science Council, R.O.C.
1997 National Research Award, Ministry of Education, R.O.C.
1996-1997 Outstanding Research Award, National Science Council, R.O.C.
1996 Fellow, Chinese Physical Society
1995 Asian Outstanding Achievement Award, Oversea Chinese Physical Society:
for the first laboratory demonstration of dusty plasma crystals and phase transition
1994-1995 Outstanding Research Award, National Science Council, R.O.C.
1991-1992 Outstanding Research Award, National Science Council, R.O.C.
