

Taiwan National Nanoscience and Nanotechnology Program

Ting-Kuo Lee

Institute of Physics, Academia Sinica, Taipei, 115, Taiwan, ROC

Since 2003 Taiwan government has started a National Program to promote R&D on Nanoscience and Nanotechnology. This six-year program involves more than seven ministries and has a budget more than six hundred millions US dollars. To promote research in basic science, industrialization technology, and education as well as to build up core facilities around the country has been the major components of the program. Its effort and accomplishment will be reported in this conference.
