

Chia-Ning SHEN

Deputy Director & Associate Research Fellow
Genomics Research Center
Academia Sinica
E-mail: cnshen@gate.sinica.edu.tw

EDUCATION

- B.Sc.in Marine Biotechnology, National Sun Yat-Sen University, Taiwan, R.O.C. (1992).
- M.Sc.in Medical Biotechnology, National Yang-Ming University, Taiwan, R.O.C. (1997).
- Ph.D. in Developmental Biology, Department of Biology and Biochemistry, University of Bath, United Kingdom (2002).

PROFESSIONAL POSITIONS

- Deputy Director, Genomics Research Center, Academia Sinica, (2013-present)
- Associate Research Fellow, Genomics Research Center, Academia Sinica (2012-present)
- Adjunct Associate Professor, Department of Biotechnology & Laboratory Science in Medicine, National Yang-Ming University, Taiwan (2014-present)Member of Executive
- Member of Executive Director Board, Taiwan Society for Stem Cell Research (2013-present)
- Adjunct Assistant Professor, Institute of Clinical Medicine, Taipei Medical University, Taiwan (2012-present)
- Member of Director Board, Taiwan Society for Stem Cell Research (2007-2013)
- Adjunct Associate Professor, Department of Biotechnology & Laboratory Science in Medicine, National Yang-Ming University, Taiwan (2005-2013)
- Secretary in General, Taiwan Society for Stem Cell Research (2005-2007)
- Assistant Research Fellow, Genomics Research Center, Academia Sinica (2004-2012)
- Postdoctoral Fellow, Centre For Regenerative Medicine, University of Bath (2002-2004)

RESEARCH INTERESTS

- Development Biology
- Cell Therapy
- Stem Cell Biology

HONORS & AWARDS

- Rotary International Presidential Charity Award, Chung Hwa Rotary Educational Foundation (2014-2015)
- Travel award of International Society of Stem Cell Research for attending 10th annual meeting (2012).
- Research work on Hepatic transdifferentiation has been listed as one of Main Significant Research Achievements in Academia Sinica (2010).
- Travel award of Japan Society for the promotion of science for attending NPG Nature Asia-Pacific network meeting, Japan (2007).
- Scholarship of International Society of Differentiation for attending the 12th International Conference of ISD at Lyon, France (2007)
- Scholarship of International Federation of Cell Biology for attending International Congress on Differentiation, Cell and Molecular Biology at Gold Coast, Australia (2000)
- Travel Grant of British Society of Developmental Biology for attending BSDB Spring Symposium at Coventry, England (2000)
- Overseas Research Student Award, Committee of vice-chancellors and principals of the Universities of the United Kingdom (1999-2002)
